

Diabetes Health Fair

Tuesday, November 15, 2011

4-7 p.m.

Hospital Lower Level

New River Medical Center is committed to helping members of our community learn how to better manage and prevent diabetes.

Current statistics show that one in eight Minnesotans have been diagnosed with diabetes, or are unaware that they have it. If present trends continue, one in three Americans born today will develop diabetes in their lifetime.

If you or someone you love is living with diabetes, visit New River Medical Center's Diabetes Health Fair to receive information on making healthier lifestyle choices including:

- Free blood pressure checks and glucose screenings.
 - Tips for making healthy food choices.
- Interactive education on the newest diabetes products, technology, resources and treatments.

New River Medical Center's Diabetes Health Fair is free of charge and open to anyone interested in learning how to take charge of their health.
